

Act Violently

SOFT PLAY

Fuckin'ell, I didn't see you there
Not because I'm visually impaired
Fucker had me jumping out my skin
Ain't you got a bell that you can ding?
Dropping all my shopping on the floor
Barely even made it out the door
If I wasn't such a loving bloke, I'd
Kick your fucking head into the road, cunt

Hey, I'm walking here

Do you really think you're really it?
In your Bally and your Hoodrich?
I wish I could see you bite the kerb
I wish I could see you eat shit
Stepping off the bus and there you are
Get that fucking scooter off the path
I'm about to commit an assault
Fuck
Sorry officer, it weren't my fault
What?

Hey, I'm walking here

You make me wanna act violently
I'm usually
You make me wanna act violently
On that love and peace
You make me wanna act violently
But you make me
You make me wanna act violently
Wanna act violently
I'm usually
You make me wanna act violently
On that love and peace
You make me wanna act violently
But you make me
You make me wanna act violently
Wanna act violently
You make me wanna act violently

Violence isn't usually the way
Typically I like to operate
I might have to make an excep-tion
Teach these little cunts a little les-son
Maybe I would even be applau-ded
Maybe I would I even be rewar-ded
Vigilante hero, I could be
Isaac, mate, d'ya wanna cup of tea?
Ooh yes, please

Bldbwjmgknsybstgbbbsbup
Fuckin'ell, I think I'm cracking up
All this shit has got me feeling stressed out
Think I need to go and take a rest now
Wait, is that him coming up the road?
Hold my jacket for me, take my phone

Everybody's looking, I don't care
Lithium and claret everywhere

Hey, I'm walking here

You make me wanna act violently
I'm usually
You make me wanna act violently
On that love and peace
You make me wanna act violently
But you make me
You make me wanna act violently
Wanna act violently
You make me wanna act violently
I'm usually
You make me wanna act violently
On that love and peace
You make me wanna act violently
But you make me
You make me wanna act violently
Wanna act violently

Watermelon vape cloud pouring out his cake hole
What a shame, no cover on the drain hole
Somersaulting through the air, yes

You make me wanna act violently
I'm usually
You make me wanna act violently
On that love and peace
You make me wanna act violently
But you make me
You make me wanna act violently
Wanna act violently
I'm usually
You make me wanna act violently
On that love and peace
You make me wanna act violently
But you make me
You make me wanna act violently
Wanna act violently
You make me wanna act violently
