

Not Ideal

SOFT PLAY

It's not ideal, the position that you always put me in
It's not ideal that you always have to be the one that wins
It's not ideal being questioned each and every single day
It's not ideal, not ideal, not ideal in any way

You talk so loud
I don't know what about
You talk so loud, so loud
I don't even know what you are going on about

It's not ideal, the position that you always put me in
It's not ideal that you always have to be the one that wins
It's not ideal being questioned each and every single day
It's not ideal, ideal in any kind of way

You talk so loud
I don't know what about
You talk so loud, so loud
I don't even know what you are going on about

It's not ideal
It's not your deal
It's not our deal
It's not my deal

You talk so loud
I don't know what about
You talk so loud, so loud
I don't even know what you are going on about
