

# The Hunter

SOFT PLAY

The people are freezing  
And the water is warm  
And the ice caps are melting  
What will happen when they're gone?  
Will the experts look stupid  
And invert the facts?  
Will they gave you back your donations  
Or keep the paper stacks?  
The feeling is mutual  
You don't like what we do  
Because we say what we are thinking  
And that shocks and frightens you  
The lion in the jungle  
Shows no shame, it shows no pride  
It does what it needs to  
To stay strong and to survive, yep

The hunter  
The hunter

You can keep it, don't want it  
Keep smiling through your teeth  
Oh what is it? Your justice?  
Cut the hands off the thief  
He was starving, his children  
Were crying to be fed  
And now they're falling and dying  
But at least you are ahead  
Just be patient, keep waiting  
That's what they always say  
But you're tired and you're aching  
And the pain won't go away  
So stand up and speak out  
See that your needs are met  
Oh, the odds are against you  
But please place your bet, yeah

You keep it  
We don't want it  
You keep it  
We don't want it  
(The hunter) You keep it  
(The hunter) We don't want it  
(The hunter) You keep it  
(The hunter) We don't want it

It's useless and worthless  
We're staring at the sun  
Oh it is reckless and pointless  
But it's also very fun  
It's useless and worthless  
We're staring at the sun  
Oh it is reckless and pointless  
But it's also very fun  
It's useless and worthless  
We're staring at the sun  
Oh it is reckless and pointless

But it's also very fun  
It's useless and worthless  
We're staring at the sun  
Oh it is reckless and pointless  
But it's also very fun

You keep it  
We don't want it  
You keep it  
We don't want it  
(The hunter) You keep it  
(The hunter) We don't want it  
(The hunter) You keep it  
(The hunter) We don't want it
