

Where's Your Car Debbie?

SOFT PLAY

Where's your car, Debbie?
Debbie, where's your car?
Is it far, Debbie?
Debbie, is it far, your car?

Where-where-where-where's your car, Debbie?
Where-where-where-where's your car, Debbie?

You look alright, Debbie
Standing there against the wall
You remind me of a hungry vixen
Waiting for some kind of action
Where are all your friends?
Don't tell me that you came alone
Nick another cigarette off Chris
And watch his lips as he talks to us about exciting future plan
s

Where-where-where-where's your car, Debbie?
Where-where-where-where's your car, Debbie?

Don't mean to alarm you
(Turn to your left)
How long till we get there?
(Take a wild guess)
Something in the shadows
(I think it's gonna get me)
Where's your car, Debbie?

Where's your car, Debbie?
Debbie, where's your car?
