

# Antigravity

SOHN

A bullet train into the black  
You said that there's no turning back  
Is it bluff? Is it bluff? Is it bluff?

We jump the fence, we sprinted hard  
Carried our bags a thousand yards  
It's enough, it's enough, it's enough

So we can never, we can never, we can never go back  
We can never, we can never, we can never go back
