SOHN

Nothing much left but to breathe
Turn off the light when you leave
Somehow, we've wasted too much time anyway

Nothing much left to say
Turn down the bed where you lay
We don't have that long to live anyway

Let's try some listening
Let's try to make some sense
Let's not be such a mess
Let's undress

Stop trying to build fences
Stop trying to make me shout
Stop making excuses
Let's hang out

We can do this to the death
Strangle the life from our neck
You won't even cut the deck anyway

Let's try some listening
Let's try to make some sense
Let's not be such a mess
Let's undress

Stop try to build fences
Stop trying to make me show
Stop making excuses
Let's hang out
