

# Last Night Was a Mistake

Sohodolls

Last night was a mistake  
Last night was mistake  
I wish I never got pulled away  
Cos that's what I did  
So stupid  
You were written on my face yeah  
Last night I wanted your name

And you'll be my baby  
So act like it  
Act act act like it  
I've waited ages fantasised it  
Fanta-sa-sa sized it

We're already sacred in my new mind  
I wish we were naked in this daylight

Let's go go go oh  
Go go go oh  
Go go go oh  
Let's go go go oh  
Go go go oh  
Go go go oh

Last night was a mistake  
I know it now, I know it now  
Last night I wish I had stayed  
Cos you hit me like summer rain  
When I met your gaze  
Couldn't look away  
I could bathe in you forever  
Oh my days  
Oh my days  
Oh my days

And you'll be my baby  
So act like it  
Act act act like it  
I've waited ages fantasised it  
Fanta-sa-sa sized it

We're already sacred in my new mind  
I wish we were naked in this daylight

Let's go go go oh  
Go go go oh  
Go go go oh  
We're already sacred  
Let's go go go oh  
Go go go oh  
Go go go oh  
I wish we were naked
