

## Suffering

SOiL

Well did you notice  
What's wrong with me  
No I can't even breathe  
When my head's low  
It's not with shame  
It's from this pain you bring

Well i can feel it again  
This loss is slowly crushing me

Through all this pain and suffering  
I need you back in my arms  
After all this pain and suffering  
I want you back in my arms

Do you like my frown  
I had a smile once  
You turned it upside down  
Make amends with me  
No I can't even see  
The reason behind your needs

All your words hollow me with pain and sorrow  
Scarring me for all to see  
This pain and sorrow

This loss is slowly crushing me (2x)  
I want you back in my arms  
Make it stop (15x)  
(i want you back in my arms)  
(this loss is slowly crushing me)  
(i want you back in my arms again)
