

Out of the ordinary chaos occurs  
Lines that are drawn turn into a blur  
I'm not an empath but you know how I yearn  
Wrote you a message now I'm watching it burn  
If everything we said was nothing but lies  
Wish you were here to watch them wither and die  
I've felt the essence, I've seen the truth  
I've seen the end and it was nothing but you

I have seen it all in your starless eyes  
Premonitions of one last goodbye  
That will take us anywhere but here  
'Cause the end's all that's certain

Guess I never took the easy way out  
Hid myself behind a shadow of doubt  
I've shut out the things that I have missed  
And deny they even exist  
If I could have had a final wish  
It's for life to be more than this  
But I've felt the thrill of it all  
And now I wait for eternity's call

I have seen it in your starless eyes  
Premonitions of one last goodbye  
That will take us anywhere but here  
'Cause the end's all that's certain

Out of the ordinary chaos occurs  
Lines that are drawn turn into a blur
