

Is It in Your Darkness

Soilwork

Is it in your darkness
To break free from all the pain
Now is it in your darkness
To share your dreams with all that is sane

As you speak those words and incinerate
Everything you've forged from within
Giving fire to the heart of your universe
And lead to your dying kin

You're spitting worms in all your glory
Redeemer of coming deaths
It's in your eyes, no one seems sorry

I saw you in the shadows
Just as bleak as the night
Through a veil, crimson red
You looked just like a child
The creature keeps on leaping
Through your buried soul
You'll get through, if you do
I'll be the first to embrace you

Now is it in your darkness
To rely on forgotten sins
Is it in your darkness
To fall from grace and let your demons win

You're spitting worms in all your glory
It's in your eyes, no one seems sorry

I saw you in the shadows
Just as bleak as the night
Through a veil, crimson red
You looked just like a child
The creature keeps on leaping
Through your buried soul
You'll get through, if you do
I'll be the first to embrace
First to embrace
First to envy you

Is it in your darkness
To break free from all the pain
Now is it in your darkness
To share your dreams with all that is sane

I saw you in the shadows
Just as bleak as the night
Through a veil, crimson red
You looked just like a child
The creature keeps on leaping
Through your buried soul
You'll get through, if you do
I'll be the first to embrace
First to envy you
