

## It's Funny

Soja

It's funny- you start this life with no money  
You start this life with no girlfriend  
You start this life with your tears  
And your Mom and Dad  
But then you start to grow older  
And you decide it's important  
To focus on your own self  
And what you could have  
And then you change what you came for  
And your sunrise leaves like an airport  
The moon is gone from your eyes  
And you wonder why  
The feelings that you are feeling  
They suddenly have no meaning...  
You got lost in this life  
And you start to cry  
It's funny  
It's so funny  
It wants to make you cry, it's funny  
It's just funny

[Eli Mac]:

It's funny reminiscing 'bout my youthful days...  
When everything in life seemed great always...  
It's funny all the times that I counted the stars...  
It's funny all the times that I counted the scars...  
And there were so many days I tried to give up...  
Then I turned right around and said stand up...  
You gotta stand up for your rights...  
And never give up on the fight...  
You know the only thing to do is keep going...  
And when you're going you got to keep growing...  
Just keep your head up to the sky...  
And keep your eye always on the prize...  
It's funny sometimes when life shakes us...  
It's funny sometimes when life breaks us...  
And you sit back and think why...  
And you start to cry it's funny...

Yo it's funny when you looking for a timeout  
Ain't no ref to blow the whistle on ya last count  
Needa forget about the days when we would pass out  
From hoppin' bar to bar, then moms had to bail us out  
Then we stopped when we had enough  
We knew what we had was real  
Couldn't give it up  
So we let the music take over us  
Now from the bottom we to the top

'Cause we stay hungry nobody knows  
Tomorrow ain't guaranteed  
All the highs and the lows  
Yeah, never borrow from yesterday  
Now it's time to rise up, get up stand and celebrate  
With the same squad now for a decade

But we don't flaunt money, fast cars

Diamond rings and gold chains  
People think 'cause we're rock stars we're living in all the fame  
The funny thing is we don't let the money get in the way  
Of where we came from  
The vibes  
The love and what we wanna say

So funny  
It's funny  
So funny  
It's funny
