

Losing My Mind

Soja

Theres no picture in the wall
Theres no rise and theres no fall, and in the morning,
I'm all right, alone without you.
Theres no phones and theres no calls
There no talking to you at all
And I dont care,
Late at night when its not you

But when I look out in the rain
I think about the past
I want it again
I think about the way you feel
Inside, I start losing my mind

Theres no formulated plans
Theres no way and theres no chance
-its been too long-
And its all back behind me
Theres no going down that road
And I know right where it goes
If I keep walking away,
Nothing reminds me

Theres no fight and theres no tears
Theres no need if youre not here
And I'm not the same anyway, anymore
Theres no need to write this song
Cuz theres no changing whats been done,
And theres no changing what's inside
And it looks like it gonna storm
