

## Press Rewind

Soja

I see it in the past like I feel it in my mind  
I hear it in the roots and the song, press rewind...  
Take me to the truth, like the very first time  
I fell in love with music, music feel alive  
It's in the beat that my heart still plays  
I smell it in the weed at the dawn of the day  
I was 14, but the vibe still stays  
I'm still in love with music

I can remember in the days we used to watch  
Buju Banton, Bob Marley, Peter Tosh  
Pick up six string and just tell me where to go  
If you could tell me then about now, I would never know  
And now the tour bus is pulling up to every city  
And all my old friends are still the ones who playing with me  
And every single song that I sing, I'm still smiling  
Remember that the journey is all about the timing

I see it in the past like I feel it in my mind  
I hear it in the roots and the song, press rewind...  
Take me to the truth, like the very first time  
I fell in love with music, music feel alive  
It's in the beat that my heart still plays  
I smell it in the weed at the dawn of the day  
I was 14, but the vibe still stays
