Stop That Train

Soja

Stop that train I'm leaving today
Stop that train I'm leaving anyway
Stop that train I'm leaving
It won't be too long whether I'm right or wrong
I said it won't be too long whether I'm right or wrong

All my good life I've been a lonely man
Teaching my people who don't understand
And even though I've tried my best
I still can't find no happiness

Stop that train I'm leaving today
Stop that train I'm leaving anyway
Stop that train I'm leaving
It won't be too long whether I'm right or wrong
Said it won't be too long whether I'm right or wrong

Some going east
Some going west
Some step aside to try their best
Some living big
But the most living small
They just can't even find
No food at all

Stop that train I'm leaving today
Stop that train I'm leaving anyway
Stop that train I'm leaving
It won't be too long whether I'm right or wrong
I said it won't be too long whether I'm right or wrong

No, no
