

## Tried My Best

Soja

I feel it when my dreams tear right into my soul  
Feel it in my heart when my blood runs cold  
See it in the nighttime, always in the rain...  
Hear it in the thunder and lightning  
Take me to my memory, take me to the start,  
Come in through the window, tearing me apart  
Feel it in the nightmare, always in the rain  
See it in the memory coming back again  
And I always said..

The only thing that ever made sense  
Is when I can feel it  
The only thing that ever made sense  
Is just to carry and conceal it all  
Just know that I tried my best  
In the only way that I knew how  
And I'm still doing it now  
Yeah I'm still doing it now  
Cause I'm still doing it now...  
Cause I'm still doing it now...  
Cause I'm still doing it now...

Get me to the stage now, put us in the light  
Make it feel real and make it feel right  
Floating down the concrete, flying in the sky  
I think we found the bloodstream of our life  
Play me in the particle, put me in the mix...  
Make it like it used to, make it all fit  
I really miss the old days, covered in light  
I wanna feel closer, I wanna feel alive  
And I always tried

The only thing that ever made sense  
Is when I can feel it  
The only thing that ever made sense  
Is just to carry and conceal it all  
Just know that I tried my best  
In the only way that I knew how  
And I'm still doing it now  
Yeah I'm still doing it now  
And I'm still doing it now...  
And I'm still doing it now...  
And I'm still doing it now...  
I'm still doing it, I'm still doing it  
I'm still doing it now...
