

Trust Me

Soja

Looking for something I've never seen
Alone and I'm in between
The place that I'm from and
The place that I'm in
A city I've never been
I found a friend or should I say foe
Said there's a few things you should know
We don't want you to see
We come and we go
Here today, gone tomorrow

We're only taking turns
Holding this world
It's how it's always been
When you're older, you will understand

If I say who I know it just goes to show
You need me less than I need you
you can take it from me
We don't give sympathy
You can trust me trust nobody
But I said you and me
We don't have honesty
The things we don't want to speak
I'll try to get out but I never will
This moving is perfectly still

We're only taking turns
Holding this world
It's how it's always been
When you're older you will understand

And again maybe you don't

When you're older, you will understand
