

# Walk Away

Soja

I heard them say  
That this is all  
That what we see  
Is what we got  
I seen them pray  
To their pockets, and they're  
Still not happy  
At all  
But I feel a breeze  
And I feel it blow  
And I feel it come  
And I feel it go  
And I know there's something  
That I just don't know  
Cause I can't see  
What I never saw

You cannot ignore it  
When you walk away  
Cause it's still right there  
Every day  
It's in your bloodstream  
And it's there to stay  
Even when you  
Walk away

You cannot ignore it  
When you walk away  
Cause it's still right there  
Every day  
It's in your bloodstream  
And it's there to stay  
Even when you  
Walk away  
It's in your soul

It's in your soul

Tell me the reason  
That when you dream  
You go to places  
That you've never been  
Tell me the reason  
You recognize  
Someone you never  
Met in Your life...  
Answer this question  
Why are we here?  
Loving each other  
Why do we care?  
Why do we move  
When it's easy to stall?  
Why do we rise up  
When it's easier to fall?

You cannot ignore it  
When you walk away

Cause it's still right there  
Every day  
It's in your bloodstream  
And it's there to stay  
Even when you  
Walk away

You cannot ignore it  
When you walk away  
Cause it's still right there  
Every day  
It's in your bloodstream  
And it's there to stay  
Even when you  
Walk away  
It's in your soul

It's in your soul

It's in your soul

It's in your soul

Even when you  
Walk away  
It's in your soul
