

# Your Song

Soja

Now greetings to the world, voice of the one called Big Gong-zilla  
Alongside SOJA, ooh-wee, yeah, do it, Jah!

What a big world and I'm glad to be in it  
We've got a purpose and I'm starting to get it  
And I won't stop until I'm gone  
And I won't change what I'm doing 'til I'm done  
I've got time and I plan to go with it  
Forget about the money, 'cause I don't get it  
And I know I'll come again  
Yeah I know but until then...

If you see me forgettin', forget who I am  
Just try to remind me put up your hands in the stands,  
If you see me cryin', if you see me alone  
Just try to stay by me and keep singin' a-long...

I appreciate the chance of livin'  
I realize that it's all about givin'  
I will stand in the sunshine  
'Cause I know the sun is not mine  
I'm tied in to the dirt and the land  
The wind in the trees and the waves in the sand  
And I know I'll come again  
Yeah I know but until then...

If you see me forgettin', forget who I am  
Just try to remind me, put up your hands in the stands,  
If you see me cryin', if you see me alone  
Then I start singin', just keep singin' a-long,  
So I can live a song...

So if I slip, get lost upon de trip  
And if I lose a grip on reality, beg you do not make me drift  
It's not as if, because I have a gift,  
That me nah could no take some good advice  
And you say word, I'll take a tip  
Like maybe this, one too many spliffs, one too many sips  
Not enough sleep and too much 'milla skip  
Some time to escape, everyone need a lift,  
Don't watch no face!

If you see me forgettin', forget who I am  
Just try to remind me, and put up your hands in the stands,  
If you see me cryin', if you see me alone  
When I stop singin', just keep singin' a-long,  
So I can live a song...

Yeah, yeah  
Now once again, greetings to the world  
Take care of one another, ya know  
Am I my brother's keeper? Yes I am, yeah  
Voice of the one called Big Gong-zilla alongside SOJA, uh huh  
Jah bless us all...
