

God Told Me To

Sol Invictus

Nurse the sick but let them die
- God told me to
Tell children stories that make them cry
- God told me to
Rub salt into open wounds
- God told me to
Spit on all the heirlooms
- God told me to

Damn the lamb and curse the dove
Crucified on the cross of love
Damn the lamb and curse the dove
Curcified on the cross of blood

Put a stake through the sacred heart
- God told me to
Punch a hole through the ark
- God told me to
Put poison in the holy wine
- God told me to
Preach the gospel of war and crime
- God told me to

Damn the lamb and curse the dove
Crucified on the cross of love
Damn the lamb and curse the dove
Curcified on the cross of blood

If I could be any place
I would be the hand of God and slap your face
If I could be any place
I would be the hand of God and slap your face
