

## Where Stone Lions Prowl

Sol Invictus

Where stone lions prowl  
Sunlight glints on razors  
Trees of water sprout  
And blood crowns their brow  
Where stone lions prowl  
Drape the dome with velvet  
Throw chandeliers at the sky  
And blood crowns their brow  
Where stone lions prowl  
Through mist and fire  
Books of fables and hours  
And blood crowns their brow  
Where stone lions prowl  
Juggle with orbs and sceptres  
Laced with ivory and of jade  
And blood crowns their brow  
Where stone lions prowl  
White with fear and axe head  
Daggers draw a bloody text  
And blood crowns their brow  
Where stone lions prowl  
Gods that shimmer and whisper  
Sigh over lake and sea  
And blood crowns their brow  
Where stone lions prowl  
Build a crow gallows  
A black noose, to hang the sun  
And blood crowns their brow  
Where stone lions prowl  
Build a crow gallows  
A black noose, to hang the sun  
And blood crowns their brow
