

Dear Friends

Sol

I'm about to go all out on this one

Dear Friends

Uhhh

This is the realest shit I ever wrote

The realest shit chu never quote

Because you jealous of my flow, to see the star that I are you better look up in the telescope

I got a text from my ex on the telephone, telling me she's worried cause she heard I wasn't killing mo

She know Solzilla, she know I don't fo, she know I don't give a fuck anymo

I'm cold blooded, blooded, that's all I can be

Your problem with me, is not a problem to me

The game got me faded, haters want me to be something that I'm not but they rock bottom to me

Meaning I'm on top, while they at the bottom of the sea, & there's plenty ot her fishes who will listen to me

Let's get it straight, I'm on the rise & I can only trust me, myself, & I

Right! That's all

When you play my song, think about the man I am

Think about the man I can not be

Because I live my life on the beat

Dear friends do you & I'm ma do me

Please, think about the life I chose

Just cause I'm in your iPod don't, meann

That you can click track & delete

Dear friends do you & I'm ma do me (me)

Uhhh

Uhhh Uhhh

You can find me in the booth spitting microphone blueprinting

Told me not to rap for a living but who is he

One life to live, it is what it is

Fan probably not attract for the critics but who cares

Man, I aim for the target & I hit it

I got something to say, so I talk & they listen

We all got money to make so quit tripping

And I'm ma go rock from Atlantic to Pacific

Ain't shit change but the digits

21 deep & a beast, I'm so gifted

The life I love, is the life I'm living

If the gods try to tell me to quit I wouldn't listen

Sometimes you gotta see it yourself

Sometimes you got to succeed with no help

This shit I write, is a reminder for those still blind to my life

When you play my song, think about the man I am

Think about the man I can not be

Because I live my life on the beat

Dear friends do you & I'm ma do me

Please, think about the life I chose

Just cause I'm in your iPod don'tt meannnn

That you can click track & delete

Dear friends do you & I'm ma do me (me)

Uhh uhhh

Do you & I'm ma do me
Pay dues, stay OG
Who gone eat, no beef
Not the police but the king on the beat
I ain't got no help but that's okay
Cause I'm ma do the dirt myself, hard work no play
You can play your video games, while I take over the game
Just remember the name
