

The Plug

Sol

Ask me how I'm feelin', I'm good
If you don't bet you gon' wish you would
If you lookin' for the (Ay) I'm the plug
So it's off with the static and it's on with' the love
Ask me how I'm feelin', I'm good (I'm great)
If you don't bet you gon' wish you would (But you ain't)
If you lookin' for the... I'm the plug (I'm the man)
So it's off with the static and it's on with the love

I ain't join the team to ride the bench, ooo
I've been chasin' dreams since I was 10, true
Do dope shit with' my friends and business plans, ooo
It ain't nothin' when they swear they how you live (How you livin')
Yeah it's been a while, since I felt this way
Different things I create, puttin' food up on my plate
In a minute now, mad 'cause I don't wanna stay
But the people need the magic and the magic's what I make, ay

Ask me how I'm feelin', I'm good (I'm great)
If you don't bet you gon' wish you would (But you ain't)
If you lookin' for the (Ay) I'm the plug (I'm the man)
So it's off with the static and it's on with' the love
Ask me how I'm feelin', I'm good (I'm great)
If you don't bet you gon' wish you would (But you ain't)
If you lookin' for the... I'm the plug (I'm the man)
So it's off with the static and it's on with the love

Yeah, yeah, yeah it's on with' the love
Tell me what you like, I give you all the above
It ain't hard to be real when from the heart how you call
Wrote a song called The Plug
Sing along if you want (Woo, woo, woo)
It's just how it go, love line international
If you said that I'ma star then you were never wrong
Live my life like Thomas Gold, spend time like I'm Ballon d'Or
Yeah I'm on the interstate, Yeah I'm finna play a show
More static than attitude
Do the mathematics, I'm addin', addin', addin' addin' to
Name of the game - don't play the fool
So I take aim and I came to shoot
Only All-State on my team
And we all gon' eat, no Ponzi scheme
Coltrane to the jazz, so you know I bring A Love Supreme

Ask me how I'm feelin', I'm good (I'm great)
If you don't bet you gon' wish you would (But you ain't)
If you lookin' for the (Ay) I'm the plug (I'm the man)
So it's off with the static and it's on with' the love
Ask me how I'm feelin', I'm good (I'm great)
If you don't bet you gon' wish you would (But you ain't)
If you lookin' for the... I'm the plug (I'm the man)
So it's off with the static and it's on with the love (Yeah)
