

Solo Star

Solange

S-O-L-O, S-T-A-R that's how I roll
Solo Star's keep rocking don't follow nobody's lead, lead
S-O-L-O, S-T-A-R that's how I roll.
Starting my own style and I'm takin' it to the streets, streets

We'll I hate seeing people,
Rock, the same style,
At, the same time
They think, that it is fly
But yo you really need to know
Yo it's better to be solo
You'll never catch me with something you have up in your wardrobe

I'm solo, I got do my own thing
Solo, ya'll may not understand me
Solo, I'm dancin' to a different drummer
Solo, ya'll really don't want none, come on!

S-O-L-O, S-T-A-R that's how I roll
Solo Star's keep rocking don't follow nobody's lead, lead
S-O-L-O, S-T-A-R that's how I roll.
Starting my own style and I'm takin' it to the streets, streets

From my head to my socks
Down to, my cell phone
I rock, it solo,
And to think, ya'll don't know.
So look like twins in Versace, BC, BG, Gucci, Viddi,
Yeah I like it, but don't buy it
'Cause ya'll wear it and it ain't for me

I'm solo, I got to do my own thing
Solo, ya'll may not understand me
Solo, I'm dancin' to a different drummer
Solo, ya'll really don't want none, come on!

S-O-L-O (solo!), S-T-A-R that's how I roll (that's how I roll!)
Solo Star's keep rocking don't follow nobody's lead, lead (whoa whoa)
S-O-L-O, S-T-A-R that's how I roll.
Starting my own style and I'm takin' it to the streets

Dance dance
S-O-L-O S-T-A-R
S-O-L-O S-T-A-R is solo solo solo solo
S-O-L-O S-T-A-R
S-O-L-O S-T-A-R is solo star!

S-O-L-O, S-T-A-R that's how I roll
Solo Star's keep rocking don't follow nobody's lead, lead
S-O-L-O, S-T-A-R that's how I roll.
Starting my own style and I'm takin' it to the streets

S-O-L-O, S-T-A-R that's how I roll
Solo Star's keep rocking don't follow nobody's lead, lead
S-O-L-O, S-T-A-R that's how I roll.
Starting my own style and I'm takin' it to the streets
