

# Time (is)

Solange

Oh, no  
No, no  
No, no  
No, no  
No, no

I was getting to feel  
All the way (By the way you comb your hair)  
Keepin' it real  
"Give your all", you would say to me  
Only way to know your heart (If I call you now)  
And it gives me hope for the trials  
And the fear of the unknown that moves too close (Real close)  
But we gotta go  
Yeah, we gotta go  
But the way to do it  
Just (Yay)  
Do us just  
Then you'll know  
Go

You gotta know  
You gotta know

Ooh, ooh, know (Tried to let it go)  
Ooh, ooh, know (Tell me where you go)  
Ooh, ooh, know (Tell me where you are)  
Ooh, ooh, know (Tell me where's the storm)  
Ooh, ooh, know (Tell me drive this out your mind)  
Ooh, ooh, know (I was only yours)  
Ooh, ooh, know (I was only yours)

You've got to know (You've got to know)  
(He's got to know)  
You've got to know (You've got to know)  
You've got to-

Ohh, ohh  
Yeah, ohh, ahh
