

Hierarch of the Great White Brotherhood  
Take me as I am as any brother would  
This is ritual the man in singlet said

This is reactive the man in singlet said

A disaster for the people  
Our nuclear show  
Is run from above terminated below  
Stop the violence I told the man in singlet

Heal with peace I told the man in singlet

He waned without trace in the transparent night  
Balkanised my sleep to show off his might  
Hierarch of the skies and the celestial sites  
Hierarch of the truth and the supramental rites  
To see is to know  
To know is to control  
This city is mine the city of my soul  
Is it all as it may see or seem  
Who directs me through the corridors of Dream  
Who runs this planet where students are slain  
Who is the head of this Academy of Pain  
To the man in singlet, forward my command!  
Bring me the answer I desire and demand!

The Chief is a good man but noone knows his face  
Head of the realm of the golden race

The Chief is a good man but noone knows his face  
Head of the realm of the golden race  
How can I know that your invisible order  
Isn't the idea of some second-rate marauder  
That the inmost government just execute a plan  
Konceived and kontrollled by some kommunist klan?  
There is no coincidence and if there is  
That is no coincidence neither is this

That the inmost government just execute a plan  
Konceived and kontrollled by some kommunist klan

He waned without trace in the transparent night  
Balkanised my sleep to show off his might  
Hierarchs of skies and celestial sites  
Hierarchs of truth and supramental rites  
To see is to know  
To know is to control  
This city is mine  
The city of my soul  
Is it all as it may see or seem  
Who directs me through the corridors of Dream  
Hierarch of the skies and the celestial sites  
Hierarch of the truth and the supramental rites  
Hierarch of the Great White Brotherhood

Take me as I am as any brother would

Keep your system clean  
And remain where you are  
You may not hear the car  
That comes from afar
