

# Blackout

Solence

Blackout!

Blackout!

I'm losing all  
Losing all of my senses  
(Yeah)  
I'm giving all  
Giving all my affection  
(Yeah)  
I'm burning up  
Burning up but I'm restless  
(Yeah)  
I'll never stop, never stop (never stop)

I've had some dark days  
(We've had them all)  
I'll mix a drink up  
(Get back to work)  
I've got my boys here  
We say it once, say it twice, say it three times

Go and put the lights out  
We'll be fine  
We'll keep fighting on and on and on all through the night  
Go and put the lights out  
It's alright  
We'll keep fighting on and on and on and on  
Keep going, keep going, keep going until we blackout

Blackout!

All my life  
I've been searching perfection  
Think I've found, think I found a direction  
Man get the fuck out if you can't handle rejection  
You're rejected

Cause we race against the clock  
Supersonic to the top  
Hear my brothers screaming  
Keep going, keep going  
Keep going, keep going  
Keep going, keep going

Go and put the lights out  
We'll be fine  
We'll keep fighting on and on and on all through the night  
Go and put the lights out  
It's alright  
We'll keep fighting on and on and on and on  
Keep going, keep going, keep going until we blackout

Alright, this is gonna sound a bit strange, but I need y'all to trust me  
To get what you want you need to keep going no matter what, so just say after me

Every time it gets tough, will you stop? (No!)  
Every time it gets rough, will you stop? (No!)  
Every time you fall down, will you stop? (No!)  
No we will never stop until we get a fucking blackout

Go and put the lights out  
We'll be fine  
We'll keep fighting on and on and on all through the night  
Go and put the lights out  
It's alright  
We'll keep fighting on and on and on and on  
Keep going, keep going, keep going until we blackout

Blackout!
