

Dead Tomorrow

Solence

I don't wanna live life on the low
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today

I don't wanna live life moving slow
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today

I'm feeling restless
Restless
Running out of patience
High speed
Fast lane
I don't wanna miss shit
All day
All night
Never wanna slow down
Touch me
Hit
Baby make me feel alive
Cause I'm trying, I'm trying yeah I

I don't wanna live life on the low
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today

I don't wanna live life moving slow
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today

Slomo, slomo
I don't wanna get old
I just wanna live right here and now without no FOMO
Have a couple glasses forget about tomorrow
Keep on pouring down pouring out til I feel alive
Cause I'm trying, I'm trying yeah I

I don't wanna live life on the low
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today

I don't wanna live life moving slow
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today
Today

I don't wanna live life on the low
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today

I don't wanna live life moving slow
Cause we could be dead
Be dead tomorrow
I just wanna feel like I'm alive today

Today today today today
Feel like I'm alive
Today today today today
Feel like I'm alive
Today
