

Death Do Us Part

Solence

Loving can hurt you
Yeah love let's you down
But our love is different
I'll promise you that

No need to worry
There's no need to hide
I'll give you my patience
Just need to tell me

Yes I will I will

Look me dead in my eyes
Make me swallow your lies
I'll be yours
Say it

Yes I will I will

Let me in let me out
I can bury my pride
I'll be yours

Until death do us part
Until death do us part

Til we are dead
Til we are frozen
Til our hearts are bleeding open
When all is said
When it is over
Deep in the ground we're going nowhere
Until death do us part
Death do us part
Until death do us part
Death do us part
Til we are dead
Let's make a promise 'fore we start
Until death do us
Death do us part

Loving can hurt you
Yeah love let's you down
But fuck all the logic
Hand over your life

When we are worried
We'll put on a smile
Live happily after
Just need to tell me

Yes I will I will

Look me dead in my eyes
Make me swallow your lies
I'll be yours
Say it

Yes I will I will

Let me in let me out
I can bury my pride
I'll be yours

Til we are dead
Til we are frozen
Til our hearts are bleeding open
When all is said
When it is over
Deep in the ground we're going nowhere
Until death do us part
Death do us part
Until death do us part
Death do us part
Til we are dead
Let's make a promise 'fore we start
Until death do us
Death do us part

Do you promise to be loyal and stay faithful?
I promise to be loyal and stay faithful
Will you stand by my side until we are parted by death?
I'll stand by you're side, always
Then it's done

Til we are dead
Til we are frozen
Til our hearts are bleeding open
When all is said
When it is over
Deep in the ground we're going nowhere
Until death do us part
Death do us part
Until death do us part
Death do us part
Til we are dead
Let's make a promise 'fore we start
Until death do us
Death do us part
