

# Endless

Solence

No matter how low you're sinking  
You'll always find some air to breath  
Even in your darkest moment  
You'll always find the strength you need  
'Cause when you think you reached the bottom  
You just got a place to stand

There's so much more  
Hidden in your soul, hidden in your bones  
It's endless  
You've got so much strength flowing in your veins  
It's endless

When you think your hope has run out  
There's always something left down deep  
'Cause you've got all your friends and loved ones  
You're not as lonely as you think  
So when you're on your knees  
Look up to the sky  
And repeat after me  
There's so much more  
(Everyone!)

There's so much more  
Hidden in your soul, hidden in your bones  
It's endless  
You've got so much strength flowing in your veins  
It's endless

So when you're wakin' up  
And you're caught in paranoia  
Falling down into the bottomless hole of life  
Just remember what we told ya'  
It's never ever over

There's so much more  
Hidden in your soul, hidden in your bones  
It's endless  
You've got so much strength flowing in your veins  
It's endless  
(Endless)
