

# Keep Up With Us

Solence

They all wanna know  
What's the mode  
What's the code  
What we do or don't

Tryna figure out  
What's behind  
Our drive  
What we do or don't

Cause we're irreplaceable  
Yeah we're unbelievable  
And they all would like to know  
So they keep

Eyoo  
They all wanna know what's the answer  
Tell me what I'm missing like  
Eyoo  
They all wanna keep up with us

It's like  
Eyoo  
Everyone is moving in slomo  
Tell me what I'm missing like  
Eyoo  
They all wanna keep up with us

We don't give a damn  
If it's in our hands  
We will make it work

That's what they don't get  
No matter  
What's ahead  
We will make it work

If you will make a move  
You better move in our pace  
If you gon try to choose  
You better choose the right way

You get up from your ass  
You get up from your seat  
Let's see if you can keep up with this beat go

If you will make a move  
You better move in our pace  
If you gon try to choose  
You better choose the right way

You get up from your ass  
You get up from your seat  
Let's see if you can keep up with this God damn beat, beat, beat, beat

Eyoo  
They all wanna know what's the answer

Tell me what I'm missing like  
Eyoo  
They all wanna keep up with us

It's like  
Eyoo  
Everyone is moving in slomo  
Tell me what I'm missing like  
Eyoo  
They all wanna keep up with us
