

Legends Never Die

Solence

Legends never die
(Woah)

Legends never die
When the world is calling you
Can you hear them screaming out your name?
Legends never die
They become a part of you
Every time you bleed for reaching greatness
Relentless you survive

They never lose hope
When everything's cold and the fighting's near
It's deep in their bones
They'll run into smoke
When the fire is feared
Pick yourself up 'cause

Legends never die
When the world is calling you
Can you hear them screaming out your name?
Legends never die
They become a part of you
Every time you bleed for reaching greatness
Legends never die

They're written down in eternity
But you never see the price it costs
The scars collected all their lives

(Oh) When everything's lost
They pick up their hearts and avenge defeat
Oh before it all starts
They suffer through harm just to touch a dream

Legends never die (no)
When the world is calling you (When the world)
Can you hear them screaming out your name? (Can you hear them?)
Legends never die
They become a part of you
Every time you bleed for reaching greatness
Legends never die

When the world is screaming out your name
Your name, oh woah

Legends never die
When the world is calling you (When the world is calling you)
Can you hear them screaming out your name?
Legends never die
They become a part of you (you)
Every time you bleed for reaching greatness
Legends never die
