

Speechless

Solence

I never thought this day would come
Well maybe I did but all my insecurities
Deep down use to fill me up
With doubt

But now we're at the final stop
And now I can hear a thousand people in my ear
Thank God is my only thought
Thank God

All the blood that we've bled
For the dreams that we've dreamt
All the hours have led
To this
This this
This got me speechless
This got me speechless
I can't find the words
It's out of this world
This got me speechless
Speechless

I always hoped we go this far
Well maybe the key was tryna keep it positive
Good vibes while the pressure falls
On us

I Guess it all makes sense
All makes sense
All worked out
It is ending well
I hear my friends
Hear them shout
And I'm thanking God up above

This got me speechless
This got me speechless
I can't find the words
It's out of this world
This got me speechless

Now my heart can't take it
I've been waiting for so long
Of this moment, played it on and on and on inside my head
I just can describe it
I don't know where to begin

This got me speechless
Speechless
I can't find the words
It's out of this world
This got me speechless
Speechless

Speechless
Speechless
