

# Thunder

Solence

Thunder, thunder

Yeah, this is the moment, this is the part that you been waiting for  
(yeah)

I'm lighting the sky, lighting the dark, making it beautiful, oh, thunder

Part of me human, part of me god, part of me animal (yeah)

I got the power, I got the will, but I can't hold it no more  
So I'm lighting the fuse to explode

Yeah, I can feel the thunder

Pumping in my head, there's thunder

Lightning in my hand, there's thunder

Running through my veins, there's thunder, thunder

Yeah, I can feel the thunder

Sparking up a rage, there's thunder

I'm not alive or dead, I'm thunder

Running through my veins, there's thunder, thunder, thunder

Thunder, thunder

This is a gift, this is a gift, given from up above

I am a storm, I am the clouds, I am the darkness above, thunder

And I've been waiting, been waiting, been waiting, been waiting to use it

Now it's like everything, everything, everything, everything comes alive, it all makes sense

So I'm lighting my fuse to explode

And I can feel the thunder

Pumping in my head, there's thunder

Lightning in my hand, there's thunder

Running through my veins, there's thunder, thunder

Yeah, I can feel the thunder

Sparking up a rage, there's thunder

I'm not alive or dead, I'm thunder

Running through my veins, there's thunder, thunder, thunder

I'm thunder

Oh, I can feel the thunder, yeah

This is the moment, this is the part that you been waiting for

I'm lighting the sky, lighting the dark, making it beautiful, oh

I'm lighting my fuse to explode

And I can feel the thunder

Pumping through my head, there's thunder

Lightning in my hand, there's thunder (yeah)

Running through my veins, there's thunder, thunder

Yeah, I can feel the thunder

Sparking up a rage, there's thunder

I'm not alive or dead, I'm thunder

Running through my veins, there's thunder, thunder, thunder
