

Vampire

Solence

She gives me something that I'd never get from anyone
It feels exciting but the same time it feels wrong
The sex is awesome but I'm bleeding out when she's gone
And I know that it's fucked up, I know that it's dumb but I can't let her go

Cause she's a vampire
Sucks all my life away
My friends are telling me
That I shouldn't stay
But she's a vampire
Sucks all the pain away
And I'm superhuman
When I'm playing her game

It's like we're living on the opposite sides of the stereo
It's like we're middle at the first
Then it all can take a curve
Thinking I can't do this anymore
Pull me up pull me down
Tippin' then we rise
Sucking on my throat but I'm feeling pretty good though
While I'm thinking that she probably knows I can't let her go

Cause she's a vampire
Sucks all my life away
My friends are telling me
That I shouldn't stay
But she's a vampire
Sucks all the pain away
And I'm superhuman
When I'm playing her game

Every second of the day
Every hour I'm afraid
But I'm still gonna run back to her
And my friends think I'm insane
But it's so hard to explain
Cause she gives me something out this world
Yeah she's a vampire
She will bleed me dry
She will take my life
And it doesn't make no sense cause I don't mind
No

Cause she's a vampire
Sucks all my life away
My friends are telling me
That I shouldn't stay
But she's a vampire
Sucks all the pain away
And I'm superhuman
When I'm playing her game

She's a vampire
Sucks all the pain away
I'm superhuman
When I'm playing her game

My friends are telling me
That I shouldn't stay
She's a vampire
Sucks all the pain away
And I'm superhuman
When I'm playing her game
