Solex

'i've got to hang up now, ...got to write a song
Somehow. because today went out the small
Backway. I stood there on some freeway. i
Caught an ashtray. today I can handle
Whatever comes up. you are still sulking over
What has happened to your review. went
Down to the u-turn, just like a confident girl
And got a ride. and got it open-eyed just like
A confident girl. bye bye miss hyde.
