

## Solex Feels Lucky

Solex

And I think once about you, like I should, and  
I feel so lucky too. like you, I don't feel at  
Ease so easily. it's so easy to walk on, ...and  
Put up the collar of my jacket. the more i  
Show, the more I go. we're both anxious to  
Say hello. just put every story between  
Brackets. so I turn my back and scrunch up  
Into an awkward position too, somewhat  
Unnatural too. well I really wish we felt closer  
To each other too. I thank you for having me  
Around but wouldn't it be better if we just  
Wrote, and make up some kind of anecdote  
To make up for each one I forgot.
