

The Boxer

Solex

You gotta move in !

Suppose that what you drink...
Deep or not at all...
What on earth are you,
Are you going to do...
Live a leisured life

Move into the ball !
Move into the ball !
And not away from it !

A week or so after the crocuses appeared you began to grow your
beard
Aiming for King Kong Lear
Take it to the zoo

Sure you are wholehearted !

You gotta move in !
Sure you are wholehearted !
