

The Burglars Are Coming!

Solex

Picked with a hairpin
I saw you come on now eddy, eddy, eddy!
Picking it come on now bonnie, bonnie, bonnie
The refrigerator is right there, right there, right
When you were
Young you had
Bones to chew I know

I saw you come on now eddy, eddy, eddy!
Picking it come on now bonnie, bonnie, bonnie
The refrigerator is right there, right there, right
When you were
Wish I had
A brick served
A brick served with cream

I said
And a
Chinese
Take away
Is food
For the
Gods to
You am I right?
Besides

I saw you come on now eddy, eddy, eddy!
Picking it come on now bonnie, bonnie, bonnie
The refrigerator is right there, right there, right
When you were
Young you had
Bones to chew I know

I saw you come on now eddy, eddy, eddy!
Picking it come on now bonnie, bonnie, bonnie
The refrigerator is right there, right there, right
When you were
Wish I had
A brick served
A brick served with cream
