

# Wedding

Sóley

Our wedding will be fine  
Soon you'll be mine  
Please open up your eyes  
To see what I'm like

My lips are always blue  
I keep my eye closed  
My hands are cold, it's true  
They draw, they paint, they write my...

You wear that crown I made from bird beaks, claws, and memories  
My crowds will sing a happy song and we will play along for life

I'll show you my big house  
On the top of the hill  
Will you there make me out  
The crowds and all my melodies  
oh

His father dresses from the time when I was alive  
I danced all day with the sun but now I only have the candlelight

Take my hand so we can go  
Take my hand so we can go (so we can go)  
Take my hand so we can go (so we can go)  
Take my hand so we can go  
(take my hand so we can go)
