

I Gotta Know

Solid Base

I know you will, yeah
Yeah, come on, break it down to it
I gotta know
I gotta know
I gotta know

I've never seen a person act like you do
It's not so hard to see what you are up to
Never quit before you have achieved the things you're after
I have to say it turns me on, it gives me laughter

Try to understand that I'm a man
On eternal search for the promised land
I have done mistakes but that's what it takes
To get control over the masterplan
I will go on and on I won't give up
I'll keep it up until the break of dawn
And the day after that (And the day after that)

I gotta know if you will love me forever and ever
Even when you get all the things you looking for
I gotta know cause I don't wanna be wating forever
If I'm not the one who'll be there by your side

Cause what I search for I will find (I know you will)
I guess you know what's on my mind (You know I do)
Come on and join me for a ride (You know I will)
I wanna have you by my side (I know you do)

I have to say that even if you make it
Don't be a fool, make sure you think it's worth it
I can't stand people who believe they're so much better
Until they prove it, they should keep their act together

What can I say, what can I do,
To make you see how I feel about you
Everybody struggles through life in some kind of way
We are all searching for nirvana, the perfect day
I will go on and on I won't give up
I'll keep it up until the break of dawn
And the day after that (And the day after that)

I gotta know
I gotta know
I gotta know yeah
I gotta know
I gotta know
I gotta know yeah
