

# I Want Boys

Solid Base

Boys, I want boys, I want boys of the town  
If you give, if you give me one night we'll be fine  
Don't you know, don't you know I want boys of the town  
'Cause I know, 'cause I know, 'cause I know they feel fine  
I want boys, yeah yeah yeah

I have a problem - I'm into boys  
Can't live without them, I hear a voice (and pray)  
Just got to have them (aha) and got no choice  
I have addicted 'cause I love boys

There are so many ....boys  
It makes me happy to hear your voice (what?)  
We like each other, boys and girls  
It doesn't matter but I like boys (what do you want?)

What do you want?  
What do you want?  
What do you want?
