

Once You Pop

Solid Base

I've got you into my system
I've got you into my soul
I've got you into my body
Woh oh oh

Once you pop, you can't stop
I've got you into my system
Pop, you can't stop
I've got you into my soul
Pop, you can't stop
I've got you into my body
Pop, you can't stop
I've got you into my soul

Quality, ah, let's party put the boogie in your body
Take it away take it away
Let's give it a soul that's what I say
Mingle or single
You will be groovin' all night you'll tingle
Watch me now what's comin' up
Once you pop you can't stop

I've got you into my system
I've got you into my soul
I've got you into my body
Woh oh oh

Get on to the party,
Let the boogiebeat wrap you body
Stereowide, stereowide
Flavour your soul that's what I say.
Maker or lovetaker
You will be movin' all night tubeshaker
Watch me now it's comin' up
Once you pop you can't stop

Put the boogie, put the boogie, put the boogie in your body
Put the boogie, put the boogie, put put put in your body
Put the boogie, put the boogie, put the boogie in your body
Put the boogie, put the boogie

Once you pop - you can't stop !
