

Together

Solid Base

Let the music take away so far away, so far away
Together we're holding on
Let the music take away so far away, so far away
Together we're holding on

Back to rock the 94 floor
With some of that you been longing for
So get your self in the place
Party people no time to waste
Start jumping feel the beat pumping
Step around til I tell you something more
Makes you wanna score
I'm Teo.t and I'm down with the hardcore
Get away, get away there's no time to fade away
Of fresh music that moves your soul cause I'm in control
Of this rhyme go with the baseline
Shack it up and move to the sound reaction
Feel the attraction cause it's time, time to take action

Move up baby time to get busy
Here's Solid Base you can't miss it
Get on up time to get moving
Here's my rhyme time to get grooving
Speed it up, speed it up pass the mic cause my feelings up
Just ticcin techno time so check it out cause it's about time

Speed it up, speed it up pass the mic cause my feelings up
Speed it up, speed it up pass the mic cause my feelings up
Speed it up, speed it up pass the mic cause my feelings up
Just ticcin techno time so check it out cause it's about time
