

Christmas Presents

Solomon Burke

Christmas presents, from heaven
Oh what a gift it will be
Christmas presents, from heaven
A living sweet liberty
Tell me everything, will be Christmas time
And every night' Christmas eave
Christmas presents, from heaven
Oh what a gift it will be

Now when I, do to heaven child
There's one thing I wanna do
Place a star up there on a Christmas tree
For you and you and you
Tell me all my burdens
All my pains, no longer shall they bear
For Christmas presents
From heaven, is just a gift for me

Christmas presents from heaven
Oh what a gift it should be
Christmas presents, from heaven
Living sweet liberty
They tell me Jesus saves
Santa Clause and angels they will see
Christmas presents, from heaven
Oh what a gift it will be

A now when I, get to the village square
There's a one thing, I'm gonna do
Put on my sign hero, my golden shoes
From spirit comes, heavenly news
Give at all Christmas, gifts that we have around
Given to the ever needing ones
Christmas presents up in heaven
Will be so so, so much fun

Christmas presents, from heaven lord
Oh what a gift it shall be
I wanna know now Christmas presents
Which is a living sweet liberty
They tell me everything, will be Christmas time
And every night, Christmas eve
Christmas presents, from heaven
Oh what a gift it will be
