

You Can Make It If You Try

Solomon Burke

You can make it if you try
You're gonna make it if you try
You're gonna make it if you try
Oh yeah, you're gonna make it if you try

Sometimes you have to cry
They tell me sometimes you just wanna sigh
It makes you feel so bad sometimes
You feel like you wanna lay down and die

But you can make it if you try

If your baby treats you wrong
Don't run around being the fool
Remember, my friends, everybody can't win
You know there's sometime, sometime you gotta lose

You're gonna make it if you try
They've always told me that you can make it if you try
Right now I'm gonna make it if I try
Help me, help me
Help me make it if I try
If you, if you try
