

Bleeding Unborn

Solstice

Iï½m left collapsed and torn
Lifei½s honesty is gone
Infected minds
Infected cry
The lies remain lies
Iï½m bleeding unborn
Bleed before my first breath
Cut out extinct
Preconceived end
Twisted now dead
Iï½m ripped apart
The bleeding unborn
Born premature
Violated body torn
Dissected worm
Bleeding unborn
Death surgery
Iï½m denied to be
Conscious left to scar
I no longer bleed
Bleed
