

Finally found a faith
Faith I can believe in
Imageless being
And an unforgiving god
Emptiness inside me swells
Swells beyond belief
Oh my god, my god
This seems too real to be

Passionless emptiness
Passionless holiness

Something
Inside me died
Under
Passionless skies
Between
Euphoria
And the
Everlasting

Can you see the color is fading?
Bleeding from the black inside of me
Bleeding nothing, no feeling
Nothing here for me to believe
Can you see the color
Bleeding from inside of me
Passionless I stand
Unforgiven
