

# Bring It To Me

Soluna

Oh no, there you go again  
You're so trying to pretend  
I don't exactly what you  
Are thinking about me but you  
Don't know that I feel the same  
I'm so tired of playin' games  
Are you just afraid I won't be  
Feelin' you, but baby, you'll see

I've got what you need and more  
But you've got to make it yours  
I've got what you want for sure  
So what are you baby waitin' for?

Baby, I already know that you want me  
So what will it take for you to tell me  
I'm down for you; to be with you  
All you've got to say is  
Bring it to me  
Why are you procrastinatin'  
Leaving me anticipatin'  
To be with you; be down for you  
All you've got to say is  
Bring it to me

So now we're all alone  
Got your chance to let me know  
No reason to let time go by  
Ain't getting no where so if I  
Make a move then would you care  
Could you handle it from there  
If you're ready get your -- together  
Cuz I ain't ever gonna wait forever

I've got what you need and more  
But you've got to make it yours  
I've got what you want for sure  
So what are you baby waitin' for?

Boy, you got me fantasizing  
About the things that we could do  
And now my temperature is rising  
What's it gonna take to be with you?

I already know that you want me...
