

So In Love

Soluna

Like a dream, a childhood fantasy
You came to me, wiped me off my feet
Like paradise lookin' in your eyes
You take my breath away
Baby, I'm here to say

You make me feel special
You're all that I need and more
Fairytale do come true
Cuz they did when I met you

The only time I ever fell
I fell for you
Now I'm so in love
So deep in love with you

When I'm with you, I get lost in time
When we're hand in hand
Our dreams intertwined
On and on like drifting off to sea
Never ending, you're all I need

You make me feel special
You're all that I need and more
Fairytale do come true
Cuz they did when I met you

You make me feel special
You're all that I need and more
Fairytale do come true
Cuz they did when I met you

(You make me feel special)
The only time I ever fell
(you're so incredible)
I fell for you
Now I'm so in love...
