

Happy

Something Corporate

I was walking el Camino
To the liquor store at 3
While the kids sang out their windows
Radio 2000 me
I guess we're living in a loop
I'm finally old enough to see
I'll take it slow
The things I know
I hope will set me free

I just wanna be happy, happy
I'm trying but it's never enough
I just wanna be happy, happy
Like a hippy in the summer of love
I wanna see
Birds sing in my windows
Make some friends and take them home
Then lay down in the flower with you
Cause you make me happy
Make me happy

I heard the surfs up down at t street
And the kids are skipping school
And my neighbors for a blowup doll
I think he named her sue
There's a protest at the pier
I be it makes the evening news
Ya I guess I care
But I'm not there
Cause all I wanna do

I just wanna be happy, happy
I'm trying but it's never enough
I wanna be happy, happy
Like a hippy in the summer of love
I wanna see
Birds sing in my windows
Make some friends and take them home
Then lay down in the flower with you
Cause you make me happy
You make me happy

I just wanna be happy, happy
I'm trying but it's never enough
I just wanna be happy, happy
Like a hippy in the summer of love

I wanna see
Birds sing in my windows
Make some friends and take them home
Then lay down in the flower with you
Cause you make me happy
You make me happy
Make me happy
